SECTION 1: GENERAL INFORMATION

1.01 Name of applicant: __________________________ (must be property owner)
   Address: __________________________ Telephone: __________

1.02 Location of project: Street Address: __________ Lot __________

1.03 Reason for project: Title 5 failure New construction New Public Sewer
   Change in building use Increase in flow

1.04 Contractor retained to construct the building sewer and make the connection to the Public
   Sewer System: **Must be approved by the Town of Orange Sewer Department**
   Name of Company: __________________________
   Address: __________________________ Telephone: __________
   Contact person: __________________________

1.05 Number of persons to be served in building: __________

1.06 Total number of bedrooms in building: __________ Residential
   (For the purposes of this section, a "BEDROOM" means any portion of a dwelling, which
   is so designed as to furnish the minimum isolation necessary for use as a sleeping area.
   Such area shall not include a kitchen, bathroom, dining room, halls or unfinished cellar;
   but may include a bedroom, den, study, sewing room, or sleeping loft.)

1.07 Total square footage of building __________ Commercial

1.08 Other Criteria for design flow: __________

1.09 Estimated design sewer flow for building: (to be calculated by Town)
   Calculations will be based on 310 CMR 15.00 Sewage Flow Design.

SECTION 2 CONSTRUCTION DESCRIPTION (to be completed by contractor)

2.01 Briefly describe the proposed project - materials, length of pipes, type, and any other
   information pertinent to the project. (see Chapter 164A - Building Sewer Connections)

2.02 Does this connection require a pump to be used for the lifting of wastewater to the public
   sewer system? (yes/no)

2.03 If yes, submit a detailed drawing and all information on a separate sheet of paper on the
   pump type, design, and capacity. Include the type of pump chamber, reserve holding
   capacity and other requirements from 2.01.

2.04 If no pump is required, submit a detailed drawing for the gravity sewer connection from
   the building to the public sewer system and submit information required in 2.01.
SECTION 3 - GENERAL CONDITIONS
3.01 All discharges authorized shall be consistent with all terms and conditions of this application, the Town of Orange sewer ordinance, and all State and Federal regulations.

3.02 At the time of this application the applicant is responsible for notifying the Town's Plumbing Inspector of the proposed connection. The applicant shall obtain all other necessary permits to complete the project.

3.03 The applicant shall notify the Highway Superintendent to acquire a Road Opening Permit.

3.04 The applicant shall notify the Building Inspector to acquire a Trench Permit.

3.05 All fees must be paid to the Town in full prior to beginning construction.

3.06 No work shall begin until the applicant receives full approval of this application. The Town reserves the right to require a 45 day review period for all applications. The Town also requires a 48 hour notice, prior to connection, for inspection of the connection.

3.07 If this application for sewer connection is rejected, the applicant will be reimbursed for all fees.

3.08 The Board of Sewer Commissioners or designee reserves the right to require a change of materials, design alterations, or additional information to be submitted considered pertinent to the project.

3.09 Depending on the size and/or scope of the project, the Town reserves the right to require plans and design specifications from a qualified engineer for said project.

SECTION 4 - FEES REQUIRED
4.01 At the time of application, a Connection/Inspection fee and I/I Mitigation fee shall be included at the following rates.

   Connection/Inspection Fee: $100.00
   I/I Mitigation Fee: $8.84/Gallon

FEE CALCULATIONS:
Connection/Inspection Fee: $100.00
I/I Mitigation Fee: $8.84/Gallon

# Bedrooms x 110 Gallons per Day x $8.84 =
Commercial (See Section 1.09) GPD x $8.84 =

Total Fee =

Applicant Signature:
I hereby Certify that the information in this sewer connection application accompanying plans, documents and supporting data are true and complete, to the best of my knowledge.

Signature of Applicant ________________________ Date _________________
